India

SKILLS

Programming Languages: Python, C++, C, Java
Libraries: NumPy, Pandas, Polars, Matplotlib
Technologies: SQL, DBMS, Git, GitHub
Core Concepts: Data Structures, OOP, Problem Solving
AI/ML: Machine Learning, Scikit-learn, Deep Learning fundamentals
Soft Skills: Leadership, Team Player, Adaptability

PROJECTS

Contact Book github - Developed a Python-based contact management application to store and organize contact information. - Implemented core contact-management features including adding/storing, searching, updating, editing and deleting contact records. - Designed a simple workflow where users can manage existing contacts and quickly search for required information. - Structured the project around practical CRUD-style operations to demonstrate programming logic and data management skills. Tech: Python	April 2026
Book Repository System - Developed a system to manage and organize books efficiently. - Implemented CRUD operations and search functionality. Tech: Python	April 2026
Data Analysis Project - Performed data analysis using NumPy, Pandas and Polars. - Visualized insights using Matplotlib and applied data cleaning and preprocessing techniques. Tech: Python, NumPy, Pandas, Polars, Matplotlib	March 2026
ML Projects - Implemented Linear Regression and Logistic Regression for classification and prediction problems using real datasets. - Explored Scikit-learn and basic deep learning frameworks. Tech: Python, Scikit-learn, Machine Learning	March 2026

AI/ML LEARNING

- Strengthening Python and data-handling skills with NumPy, Pandas and Polars.
- Learning supervised Machine Learning algorithms and implementing them on real datasets.
- Exploring model evaluation, feature preprocessing and basic Deep Learning concepts.
- Building practical AI/ML projects with a focus on problem solving and real-world applications.

CERTIFICATIONS

• Oracle — Database Management System	May 2026
• Infosys — Python	May 2026
• Neocolab — Computer Programming	May 2026
• Infosys — Artificial Intelligence System	March 2026

ACHIEVEMENTS

- Solved 50+ coding questions on LeetCode.
- Participated in multiple hackathons and technical competitions.

EDUCATION

Lovely Professional University, Punjab <i>B.Tech in Computer Science (Specialization: Artificial Intelligence & Machine Learning) CGPA: 9.33</i>	Phagwara, Punjab 2025 – 2029
D.A.V. Sr. Sec. School, Cheeka <i>Class XII Percentage: 90</i>	Cheeka, Haryana 2024 – 2025
Mother's Pride Public School, Cheeka <i>Class X Percentage: 82</i>	Cheeka, Haryana 2022 – 2023
